## Tournament Director News

The next "one on one" will be held on December 3rd from Safelight —2:00.  
Please bring some change for the entry fee; i.e., two 10's or a 10 and two 5's.

There is a slight change to our weigh-in procedures. First, you will need to get a club bag to weigh your fish. There will be eight bags available. Put your fish in the tub where Joe Fleming will assist in determining short and dead fish. Fill the bag with water and take your fish to the deep water after weighing. Bring the bag back for someone else to use. This is an effort to speed the weigh-in time and to help keep the fish alive during the hot months. We do not want a lot of people standing in line with fish in bags. They are better off in your live well. Fish which appear to be short will be measured. Remember, the penalty for a dead fish increased to 0.25 pounds this year and the penalty for a short fish is one pound for each short fish and loss of the fish.
